

# Discover your potential

An undergraduate summer research programme in science and biotechnology

Every year, the Amgen Scholars Europe Programme provides 100 selected undergraduate students with the opportunity to engage in a hands-on research experience at many of Europe's premier educational institutions. Currently, five institutions in Europe host the summer research programme. The Amgen Foundation has committed more than \$50 million over twelve years to the global Amgen Scholars Programme to make this opportunity possible for thousands of students.

## Inspiring the Scientists of Tomorrow

As Amgen Scholars, students will have the opportunity to:

- Take part in important university research projects, gain hands-on lab experience, and contribute to the advancement of science;
- Interact with and receive guidance from faculty mentors, including some of Europe's top academic scientists; and
- Participate in engaging scientific seminars, workshops, and other networking events.

## The Amgen Scholars Europe Symposium

A signature component of the summer programme is a symposium where students hear firsthand from leading scientists working in industry and academia. The European symposium is held in England, and provides students with a valuable opportunity to discuss their research and network with other Amgen Scholars from across Europe.

### HOST INSTITUTIONS IN EUROPE

**ETH** zürich

Institut Pasteur

Karolinska Institutet

LMU  
LUDWIG-MAXIMILIANS-UNIVERSITÄT MÜNCHEN

UNIVERSITY OF CAMBRIDGE

## ACADEMIC RESEARCH AREAS

- BIOCHEMISTRY
- BIOENGINEERING
- BIOINFORMATICS
- BIOPSYCHOLOGY
- BIOTECHNOLOGY
- CHEMICAL AND BIOMOLECULAR ENGINEERING
- CHEMISTRY
- IMMUNOLOGY
- MEDICAL PHARMACOLOGY
- MICROBIOLOGY
- MOLECULAR, CELL AND DEVELOPMENTAL BIOLOGY
- MOLECULAR GENETICS
- MOLECULAR MEDICINE
- MOLECULAR PHARMACOLOGY
- NEUROBIOLOGY
- NEUROSCIENCE
- PATHOLOGY
- PHYSIOLOGICAL PSYCHOLOGY
- PHYSIOLOGICAL SCIENCE
- STATISTICS
- TOXICOLOGY

## Financial Support

Financial support is a critical component of the Amgen Scholars Programme. Please note that details vary by host institution. See each university's summer research programme website for more information.

## Eligibility

Amgen Scholars Europe Programme applicants must be:

- Undergraduate students enrolled in colleges or universities in Europe\*<sup>\*</sup>; and
- Undergraduate students who have not completed their bachelor's or first degree (or its equivalent) prior to participating in the Programme.

Europe Programme applicants must also have:

- A strong record of academic performance; and
- An interest in pursuing a Ph.D.

Each European host institution has its own application process, but the application deadline for all of the institutions is in early February.

For more information, please contact the Amgen Scholars European Coordinating Centre by calling +44 1223 766 878 or by e-mailing [amgenecc@admin.cam.ac.uk](mailto:amgenecc@admin.cam.ac.uk).

\* Eligible students must attend colleges or universities in countries that are participating in the Bologna Process. For a full list of eligible countries, please see the Amgen Scholars Programme website at [amgenscholars.eu](http://amgenscholars.eu).

Amgen Scholars is an international program funded by the Amgen Foundation with direction and technical assistance provided by the Massachusetts Institute of Technology and the University of Cambridge. The Amgen Foundation seeks to advance excellence in science education to inspire the next generation of innovators, and invest in strengthening communities where Amgen staff members live and work. To date, the Foundation has donated over \$250 million to local, regional, and international nonprofit organizations that impact society in inspiring and innovative ways. The Amgen Foundation brings the excitement of discovery to the scientists of tomorrow through several signature programs, including Amgen Scholars, Amgen Biotech Experience, and Amgen Teach.
