

An Undergraduate  
Summer Research  
Program in Science  
and Biotechnology

DISCOVER  
YOUR  
POTENTIAL

Every year, the Amgen Scholars U.S. Program provides hundreds of selected undergraduate students throughout the U.S. with the opportunity to engage in a hands-on research experience at many of the nation's premier educational institutions. Currently, thirteen institutions in the U.S. host the summer research program. The Amgen Foundation has committed \$74 million over sixteen years to this global initiative to make the opportunity possible for thousands of students.

## Inspiring the Scientists of Tomorrow

As Amgen Scholars, students will have the opportunity to:

- Take part in important institution research projects, gain hands-on lab experience and contribute to the advancement of science;
- Interact with and receive guidance from faculty mentors, including some of the nation's top academic scientists; and
- Participate in engaging scientific seminars, workshops and other networking events.

## The Amgen Scholars U.S. Symposium

A signature component of the program is a mid-summer symposium held in California where students hear firsthand from leading scientists working in industry and academia. The U.S. symposium provides students with a valuable opportunity to discuss their research, learn about drug discovery and development, and network with other Amgen Scholars from the U.S. and Canada.

### Host Institutions in the U.S.

Berkeley  
UNIVERSITY OF CALIFORNIA

Caltech

COLUMBIA UNIVERSITY  
BARNARD

Duke  
UNIVERSITY

HARVARD  
UNIVERSITY

JOHNS HOPKINS  
UNIVERSITY

NIH National Institutes of Health

Stanford  
University

UCLA

UCSF

UT Southwestern  
Medical Center

Washington  
University in St. Louis

Yale

### Academic Research Areas

Any disciplines related to the discovery, development, manufacture and delivery of human therapeutics, as well as the overall biomedical and biotechnology enterprise.

## Financial Support

Financial support is a critical component of the Amgen Scholars Program. Please note that details vary by host institution. See each institution's summer research program website for more information.

## Eligibility

Amgen Scholars U.S. Program applicants must be:

- U.S. citizens or U.S. permanent residents;
- Undergraduate students enrolled in accredited four-year colleges or universities in the United States, Puerto Rico or other U.S. territories; and
- Sophomores (with four quarters or three semesters of college experience), juniors or non-graduating seniors (who are returning in the fall to continue undergraduate studies).

U.S. program applicants must also have:

- A cumulative grade point average of 3.2 or above; and
- An interest in pursuing a Ph.D. or M.D.-Ph.D.

Application deadlines are determined by Amgen Scholars Program host institutions, between early February and mid-February. Check individual host institutions for details about how to apply.

Amgen Scholars is an international program funded by the Amgen Foundation with direction and technical assistance provided by Harvard University. The Amgen Foundation seeks to advance excellence in science education to inspire the next generation of innovators, and invest in strengthening communities where Amgen staff members live and work. To date, the Foundation has donated over \$375 million to local, regional, and international nonprofit organizations that impact society in inspiring and innovative ways. The Amgen Foundation brings the excitement of discovery to the scientists of tomorrow through several signature programs, including Amgen Scholars, Amgen Biotech Experience, and LabXchange. For more information, visit [amgenfoundation.org](http://amgenfoundation.org) and follow us on [twitter.com/amgenfoundation](https://twitter.com/amgenfoundation).
